Publication date: September 2013

Aly's Books RRP \$18

Available for extract

Suzanne and Vernon are available for interview

Suzanne and Vernon Crew are your average couple with seven children aged 6 to 36, a healthy curiosity about love, life, wine and whisky, and a firm belief that open and frank communication is the basis for a wonderful marriage and an inclusive family. They feel they do pretty well in this regard. Especially with the whisky.

Zits, Tits and Boys' Bits: A guide to help the teenage boy avoid life's little &#%!@-ups is a short, sharp and humorous source of information for the teenage boy on life's big mysteries - girls, love, sex, school, drinking, friendship and the role of family.

Sue and Vern are the parents of seven children between them, and over the years have answered some tricky questions from their offspring. *Zits, Tits and Boys' Bits* is the product of their quest to provide one of their children with answers to some very good questions, not all of which were entirely suitable for dinner table conversation...

The book covers everything from manners to masturbation in a refreshingly candid way designed to appeal to the teenage reader. While the subject matter is at times confronting, it is dealt with honestly and openly with a touch of humour thrown in.

Tits, Zits and Boys' Bits de-mystifies the age old clichés of 'Treat girls right', 'Be a man', 'Grow some balls', 'You'll be right' and provides the odd tip on to what it means to be a good friend, good boyfriend, and in time a good lover in every sense of the word.

Sue and Vern believe all boys have enormous potential to grow into good men and hope that this book will give them a head start.

Zits, Tits and Boys' Bits is currently available direct from [Aly's Books](http://www.allysbooks.com) (<http://www.allysbooks.com>) and is coming soon from all good online book retailers.

Praise for *Zits, Tits and Boys' Bit: A guide to help the teenage boy avoid life's little &#%!@-ups*

"The book you have compiled with such evident love, humour, honesty and sage advice is a treasure. I've a stable of nephews for whom I consider it *absolutely essential* reading - and they'll enjoy it as well, therefore giving its contents a greater chance of success, as I imagine they'll be referring to it into their 70s (we all know boys are slow to mature). It's not just funny and wonderful - I think it's going to prove a vital, valuable tool in boy's lives. No shed or ute glove box should be without one! Women around the world will thank you. I certainly do." **CC**

Tits, Zits and Boys' Bits is an amazingly wise, humorous and factual book that is such a fabulous resource for all parents of adolescent boys and should be shared. Your book can be read by boys on their own and provides them with factual information about girls, sex and growing up or it allows them to have a discussion with their parents about issues together. Absolutely brilliant!! I think your book should be made available to every young boy and to every parent of young boys ... I personally cannot wait!! Well done!" **LH**

Notes to Editors:

Suzanne and Vernon are available for interview on 0458 009 577.

Excerpts from the book are available for distribution via the publisher.
